Welcome to Pristava, a world of pristine nature where we share its beauty and prosperity with you!

Dear future visitors to Pristava, since cooperation is very important in the countryside, all 4 farm owners decided to jointly offer the goods and pamper you.

The Pristava Tourist Village, Pristine Nature, is a rural fairy tale village. Here you can experience a farm (**Pr' Lampret**), see genuine farm food cultivation (**Pr' Mežnar**), which can be tasted later in delicious meals (**Pr' Okornu**), as well as enjoy and dine in a natural rural setting with outstanding views (**Pr' Tonijevih**). We strive to make our village a subsistence tourist village.

In addition to its excellent location, the people at Pristava nad Stično are proud that in the 14th century, this was the home of **Viridis Visconti**, the benefactor of the Stična monastery whose image is depicted on the **Alfa Romeo** car brand logo. One of the other important monuments in Pristava is the **Partisan Hut**, which was built as a fighters' refuge in 1963.

The farms are declining due to the migration of young families to the city, depriving our youngest family members of a genuine understanding of

Our visitor's opinion:

"Every time I come to Pristava, I am overwhelmed by the nature, energy and orderliness of the village!"

nature and its surroundings. I am sure you are wondering how to bring nature and the farm closer to your young researcher and how to spend quality time together.

In the pristine nature of Pristava, children learn about the farm as a whole. They can taste nature's delicacies and run freely in the meadows and forests. Forest playgrounds await aspiring kids, while you taste the local food - dried meat delicacies, Pristava's potato bread or a genuine Pristava chicken. Treat yourself to a tarragon cake or apple strudel. This is just a small morsel of the goodies we offer. You are cordially invited to explore our offer's diversity for yourself.

We have arranged camper parking and a picnic area for you. However, you can also relax under the starry sky in a tent or relax in our holiday house Virida (for 5 persons) in the middle of the village. An afternoon snack is enjoyed most genuinely if you spread a blanket on one of our meadows and dine among the warbling birds.

Allow us to pamper you while you spend carefree time with your loved ones in a peaceful and quiet environment.

We will continue to offer new content and new services, while our basic guidelines will remain diversity, uniqueness and excellence.
